

SAN POLINO

BRUNELLO DI MONTALCINO

FINE WINES

FROM

ORGANIC BIODYNAMIC VITICULTURE

The family-run small farm of San Polino uses permaculture and biodynamic-organic farming to produce a premium Brunello di Montalcino and Rosso di Montalcino. Both wines are the opulent expression of the biodiversity found in the San Polino terroir.

From the majestic "Olivastra Montalcinese" trees San Polino produces a high quality extra-virgin olive oil.
